Reworld™ is a leader in sustainable waste solutions.

We are building a smarter, more sustainable world by helping businesses and communities reimagine what their waste can do.

Here are some of the many ways we're doing that every year!

REDUCE CLIMATE RISKS

41 Million
METRIC TONS OF GHGs AVOIDED

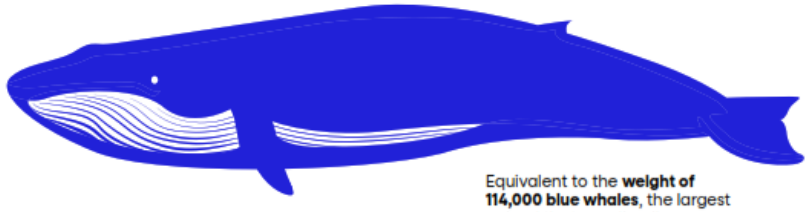
Equivalent to the amount of CO_2 sequestered by **48 million acres of forest**, an area fully covering 8 US states,

or removing **9.8 million gasoline powered passenger vehicles from the road for a full year.**

The kind of impact we have is equal to **half of the entire U.S. utility scale solar installations.**

RENEW RESOURCE VALUE

20 Million
TONS MANAGED SUSTAINABLY



Equivalent to the **weight of 114,000 blue whales**, the largest animal that ever lived!

470,000
TONS OF METALS RECOVERED

Enough to build **5 Golden Gate bridges**

284 Million
GALLONS OF WASTEWATER RECYCLED OR REUSED

Equal to **428 Olympic-sized** swimming pools

9.1 Million
MWHe OF ENERGY GENERATED FROM WASTE

Enough to power nearly **1 million homes** annually

Reworld Community Engagement

Since 2011, we have championed sustainability and service in the communities in which we operate

2011

Reworld™ Community Outreach and Environmental Justice Policy established

- have **open, two-way communication** with communities in which we operate
- identify and **engage with individuals and organizations in the communities**
- **reduce discharges and minimize emissions** from its facilities and reduce other potential impacts of its operations

2020

Reworld™ was the only industry to support the Environmental Justice (EJ) Law in New Jersey

Note: Reworld™ was previously known as Covanta; Camden TTF supports 2020 EJ Law in NJ
