**2014 DELAWARE VALLEY CHAPTER SCHOLARSHIP PROGRAM  
INSTRUCTIONS**

**Application Package**

The following items comprise a complete scholarship application package. Partial application packages will not be considered for award

- A signed original of this application form.
- One copy of student transcript(s). The transcripts do not need to be official transcripts from the college or university as long as your courses and grades are shown.
- Attachments as described below in the body of the application form.
- A recommendation from someone familiar with your interest in the environmental field, such as an advisor. If mailed, the recommendation must arrive in a sealed envelope. The recommendation can also be sent directly to the address below as long as it is received by March 28, 2014.

**Submission Address and Deadline**

The complete application package must be **received by March 28, 2014**. Send it to:

Marjorie Fitzpatrick, QEP  
Air & Waste Management Association  
c/o IES Engineers  
1720 Walton Road  
Blue Bell, PA 19422  
Fax: 610-828-7842  
E-mail: Mfitzpatrick@iesengineers.com (Must include "DVC Scholarship" in subject line!)

**Scholarship Application Contact**

If you have any questions on this application, call Ms. Marjorie Fitzpatrick at (610) 828-3078 or e-mail Mfitzpatrick@iesengineers.com. (Must include "DVC Scholarship" in subject line or it will be deleted.)

**Suggestions:**

- This application package is the only source of information that the review committee will use in evaluating your application. You need to provide detailed and concise answers. In the past, there have been instances where we found out more about the applicant's involvement in the environmental field from the letter of recommendation. You need to tell us about your activities; do not rely on someone else to do this for you.
- In previous years, the scoring was very close between the applicants. Provide as much information about your activities as allowed in the space provided.
- A complete application package, including the letter of recommendation, must be received by March 28, 2014. Late or incomplete applications will NOT be reviewed.
- Do not send extra pages beyond what is asked for in the application. The extra pages will be discarded.

Attachments:

\_\_\_\_\_ For grant-in-aid applicants: Attach a brief (one page maximum, additional pages will be discarded) discussion of why you would like to attend and how you would benefit from attending the annual meeting. If you have a paper or poster accepted, please provide this information as well as the title of the paper/poster.

\_\_\_\_\_ For all applicants: Attach a brief (one page maximum, additional pages will be discarded) discussion of any information that you feel would help us in our decision; for example, student activities, involvement in A&WMA activities, planned involvement in student activities (poster sessions) at A&WMA meetings, and career objectives. Be sure to include all activities related to the environmental field. Be specific about your activities. Include specific courses or course topics if not described in detail on your transcripts, extracurricular activities, volunteer work, summer jobs, part-time jobs (including co-ops or internships), off-campus environmental activities, any special studies you are involved with, and student leadership in environmental activities.

\_\_\_\_\_ For all applicants: Attach a copy of your transcript(s). These do not have to be “official” transcripts, just something that would give us an indication of your study areas.

Recommendation Letter:

For all applicants, attach, in a sealed envelope, a reference letter from someone who is familiar with your activities in the environmental field. (Single copy only.) The recommendation letter can be mailed separately (or e-mailed; put “DVC Scholarship” in the subject line) directly to Marjorie Fitzpatrick (mfitzpatrick@iesengineers.com), but it must be received by the due date.
