#### emrgroup.com

#### WE ARE THE SUSTAINABLE PARTNER YOU CAN COUNT ON

We are a global leader in sustainable materials, committed to providing **a circular economy** solution for customers.

At EMR, we extend the lifecycle of the items we receive through reuse and recycling.

Our purpose is to create a future where the materials we use are not extracted from the planet.

# **OUR PLANET COMMITMENT**

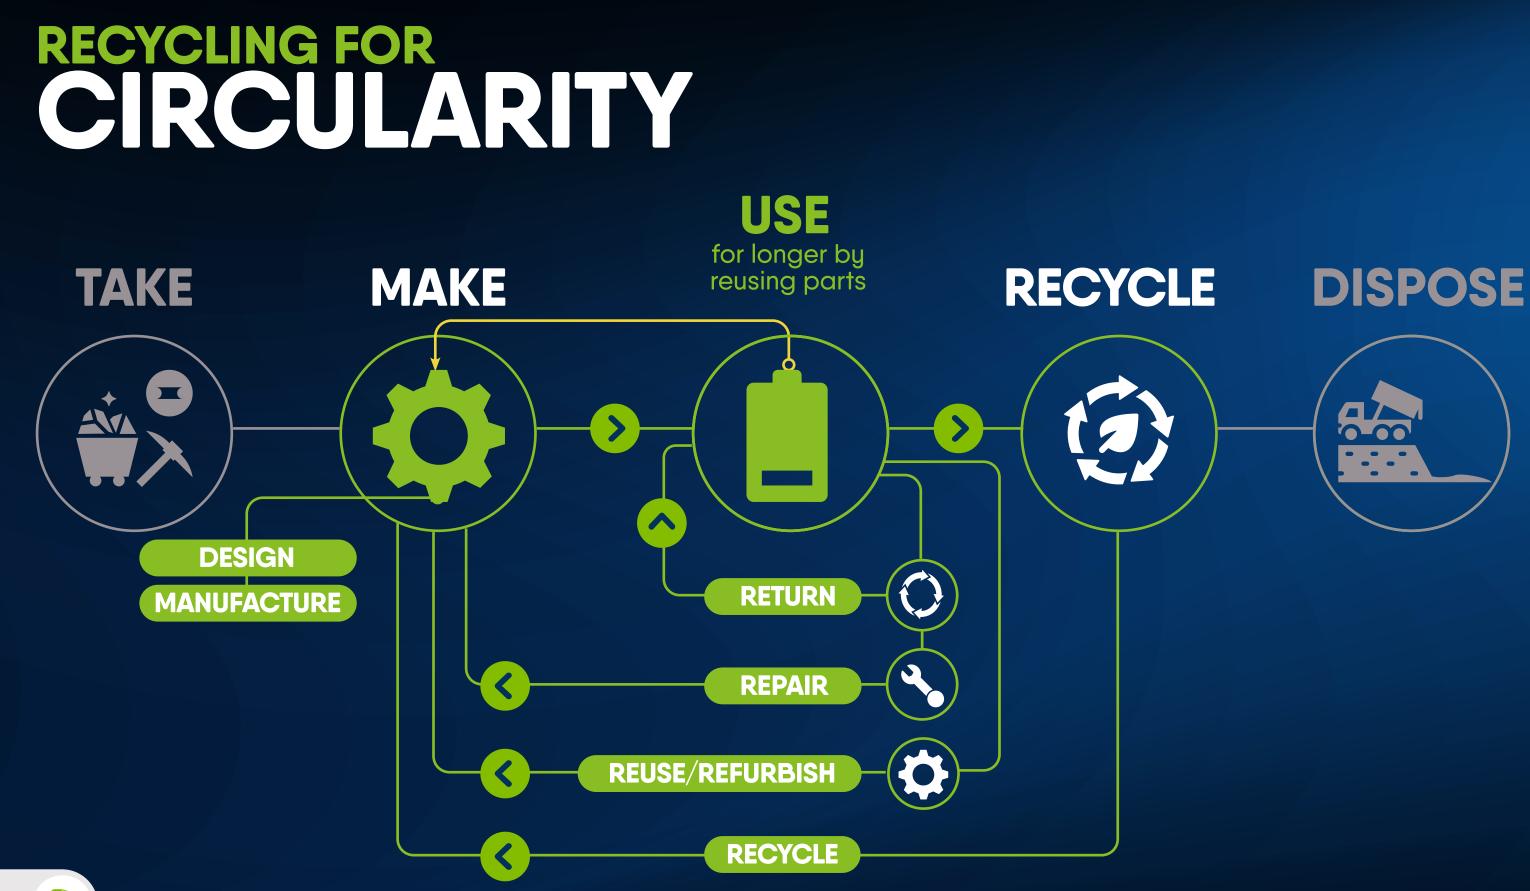

# generations.

Innovating to accelerate the circular economy, provide less carbon-intensive products and reduce the environmental impact of our operations has always been a core part of what we do. We support the international move towards net-zero by delivering products that divert waste from landfill, reduce carbon emissions, and maximise resources and material value.

#### Great Place To Work®

EMR, is proud to have been certified by Great Place To Work® in the United Kingdom, United States and Germany.

This certification demonstrates our commitment to making EMR a fantastic place for all of our colleagues.

# PROUD TO BE A PART OF LOCAL COMMUNITIES

#### Many of our colleagues **live within the areas that they work.**

Through targeted local recruitment campaigns and by working with community groups, we recruit local people wherever we can.

This creates a strong connection between our purpose and the local area, keeps the local economy growing, and instils pride in our people.

# OUR COMMUNITIES

#### Advancing causes outside of EMR

At EMR, our communities matter as much as our customers and suppliers. **We make a positive impact through social change** – from helping people to access resources, healthcare and education, to helping local environmental projects and donating to causes in need.

# **IN SUMMARY**

We would love to embark on a journey with you towards a more **sustainable future**, together.

By recycling, reusing, and repurposing more end-of-life materials we can create a future where the materials we use do not need to be extracted from the planet.

# THANK YOU
